David: Is there anything specific we'd like to say about this agreement? Otherwise I will go with:

"While the Public Comment period for this agreement has not yet concluded, we can say that we are pleased to have settled this matter with the City of Driggs and have arrived at we believe is a good deal that protects the community, the Teton River and downstream waters."

I will also attach a copy of the Public Notice. Let me know if that's OK.....MM
